SUMMARY

Experienced Remote Senior Developer at SpreeLoop SARL, skilled in mentoring junior developers, conducting code and reviews. Proficient in using Scrum methodologies to plan tasks, manage sprints, and ensure high-quality deliverables.

EXPERIENCE

Mentors

SpreeLoop SARL

June 2023 – Current, Cameroon, Douala

- Guides more junior developers through mentoring, code reviews, and pair programming sessions to ensure code quality and knowledge sharing.

Software developer

SpreeLoop SARL

April 2022 – June 2023, Cameroon, Douala

- Integrated FireCMS to streamline content management and bolster backend functionalities, optimizing workflow efficiency. 20% increase in content management efficiency.
- Designed and developed intuitive interfaces with a user-centric approach, emphasizing seamless user interaction and enhanced user satisfaction by 15%.

Flutter/React professional internship

SpreeLoop SARL (spreeloop.com)

November 2021– April 2022, Cameroon, Douala

- Observe team members to learn new tasks and how to handle technical problems appropriately.
- Participate in software field tests to verify the performance of developed projects.
- Contribute to team discussions by sharing insights and solutions to improve project outcomes.
- Assist in debugging and troubleshooting issues during development and testing phases.

Front End Developer

Melfret service

January 2021 – May 2021, Cameroon, Douala

- Develop a front-end mobile application for sending and tracking packets, providing real-time updates on packet location and status.
- Facilitates seamless communication between senders, couriers, and recipients through in-app messaging.

PROJECTS

Betterlife Event

Personal • play.google.com/store/apps/details?id=com.karibu.betterlifeevent.prod

- Application that allows users to create and manage event.

SaleRentalVehicles

Karibu-cap • cardeals241.com

- Application for the sale and rental of vehicles and spare parts.

TransAll

Karibu-cap • play.google.com/store/apps/details?id=com.karibu.transtu.prod

- Mobile and web application designed to simplify the mobile credit transfer process and efficient transaction management.

Advanced Dart util

Personal • dart-advanced-util.vercel.app/ • June 2024 – Present

- The Dart Extensions package enriches the default Dart objects with powerful and flexible methods. Inspired by Python's versatility, this package introduces extensions that render working with objects in Dart more intuitive and concise.
